Testimonial – Shaz

The People's Pilates recently had the pleasure of working with Central FS, and I'm hot on their trail of excellence! From the get-go, their team of two young men were not only polite but also impressively knowledgeable and friendly—honestly, I felt safer just chatting with them.

They re-positioned the fire detectors with the precision of a fire safety surgeon and swapped out our old, clunky alarm panel for something sleek and modern. The best part? They explained everything clearly, so now I feel like I could even handle a fire drill (though, let's hope I never have to!).

The communication throughout was top-notch—timely, transparent, and never a sign of any smoke and mirrors. Plus, their pricing was refreshingly competitive, proving that good service doesn't have to burn a hole in your wallet.

In short, they've got all the right "signals" when it comes to professionalism, quality, and value. Would I recommend them? Absolutely. They've truly extinguished any concerns I had about fire safety
