Dear David,

Happy Families

You fulfilled my wife's vision for our hallway and she is delighted.

Once she had explained how she wanted it to look, you clearly told her what it would take in decoration terms to deliver that vision.

And deliver you did, in a timely and professional manner. The finished article looks great, without any of the imperfections from doing it ourselves. And it comes with a peace of mind that the finish is quality and will last.

We will continue to recommend you to family, friends and contacts looking for a properly professional decorating service.

Yours sincerely,

Nick Smith
