

Dear Mike

I am writing this testimonial for you and RPL Media to thank you for yet another extremely professional shoot for our upcoming Soapbox Digital marketing campaign.

We have used you for several Soapbox and Pest Solutions campaigns in the past and have never been disappointed with the subsequent footage but you surpassed yourself this time. You had brilliant ideas to help us and have put together a great video that we are very excited to unveil. You made all involved very comfortable and really showed your experience in helping frame every shot.

Our sponsored partnership with Tunnocks means this video should have the potential of a greater reach and I hope this is as beneficial to you as us.

I never have any hesitation in recommending you to others and I sincerely hope that this latest project helps to get more business for you in the coming months as we will proudly tell all who ask of your integral involvement.

Thank you

Kind Regards

Andy Hart
Director
